Optional tours

Dogsled tour (2 hours)

Price: from 1195 dkk/person

Our four-legged friends are ready to give you an experience of a lifetime. Huskies are strong and know their way around the country better than any GPS system. As your sled runs through the greenlandic winterland, you will get a taste of what life was like in the old days, when dog sledding was the only way of transportation on the mainland.

Snowshoes tour (2 hours)

Price: 450 dkk/person

It's truly incredible how much easier it is to explore the snow-covered land and its endless possibilities with snowshoes on your feet. Your bodyweight is spread evenly on the surface which allows you to walk effortlessly even in deep snow.

Northern lights tour

Price: 200 dkk/ person (min. 2 people)

When visiting Greenland in the winter and spring, seeing aurora borealis is absolutely on the list of must see experiences. Let us take you to the best places to experience this show that nature creates during long winter days. Standing under the dancing veil of light is an experience you will never regret and never forget.
